**Dual Credit
Information Session**

Dual Credit

Dual credit pathways help students earn high school and Post-Secondary credits that can count toward a Post-Secondary certificate, diploma, or degree, including first period apprenticeship opportunities.

Dual Credit helps students to:

- get a head start on a Post-Secondary education
- save money on Post-Secondary tuition
- earn credits in high school and Post-Secondary at the same time
- gain experience to help them succeed in a Post-Secondary environment

Dual Credit

Popular Opportunities:

- Computer Science Coding & Robotics CSCR101
- Early Childhood Education
- Power Engineering 4th Class
- Psychology 104
- Sociology 100
- Other opportunities available in the [21-22 Dual Credit Handbook](#)

Dual Credit

Important Information:

- Dual Credit is a competitive program. Not every student that applies will be accepted.
- Dual Credit courses are often scheduled outside of the regular school day. Student attendance is mandatory in most programs, therefore, students will be required to be online during that time.
- Dual Credit is a partnership between the Division and the Post-Secondary institution. Students will be expected to adhere to the Post-Secondary schedule, code of conduct and any other expectations. As is the case with all Post-Secondary institutions, the onus of learning and communication is on the student.
- Dual Credit courses require a significant time commitment from the student.
- The student is responsible for all fees associated with the course outside of the tuitions cost. Students may be expected to pay for textbooks and course materials.

Dual Credit

How To Apply:

1. Determine If Dual Credit Is Right For You

- Make sure that you have the right prerequisites. Prerequisites vary depending on program.
- Make sure that you have a plenty of time in your schedule to complete this course.
- Make an appointment with your counsellor to discuss your suitability and meet with the Dual Credit Coordinator.

2. Apply

- If you meet all of the prerequisites, fill in the [Intake Form](#). Your suitability for the program will be discussed by your administration and counsellors. You may be contacted to discuss your ability to meet the time commitment.

3. Confirm Your Spot

- If you are recommended to proceed, you will receive an email from the Dual Credit Coordinator on your next steps in applying to the Post-Secondary institution. The Post-Secondary institution makes the final decision on your enrollment in the course.
