

SubFinder®

CRS PROUDLY PRESENTS Maxxjobs

CRS Advanced Technology proudly provides K-12 organizations with the tools they need to effectively and efficiently manage employee absences and place qualified substitutes in their classrooms. Now we are proud to provide a tool that directly serves the substitutes within your organizations.

Introducing *Maxx jobs*, the mobile application for SubFinder users. From the creators of SubFinder, *Maxx jobs* allows substitute teachers to easily access their accounts for SubFinder from their mobile devices.

Available on Apple, Android and Kindle devices, *Maxx jobs* turns the tedious task of job shopping into an easy and convenient process that can be done anywhere, anytime. *Maxx jobs* allows substitute teachers to utilize the system in a way that works for them. Just like SubFinder, users can proactively job shop, only now, they can do it from their phone or tablet. Users can also choose to let the jobs come to them with push notifications. Users control the settings such as view available jobs, express interest in or cancel jobs, link all of your SubFinder districts and so much more!

Maxx jobs is a subscription application. To learn more, please visit www.maxxjobs.com.

GO SHOPPING

Job shop **across multiple** SubFinder districts. **Compare** available jobs to find the one that works for you.

CONTROL ON THE GO

Manage your **availability** to work from your phone or tablet. **Express interest** or cancel jobs on the go.

JOB ALERT

Receive **push notifications** when a job becomes available. Click notification to immediately **view details** or express interest.

LINKED TOGETHER

Access all of your SubFinder accounts under **one login**. View available jobs from **all of your districts**.

ABOUT CRS

For over 25 years CRS Advanced Technology has provided K-12 organizations with an automated solution for managing absences and placing substitutes. Our flagship product, SubFinder, offers extensive benefits and features including real-time reports, placement of only the most qualified substitutes and special considerations for the ACA. We change the way you work...*for the better!*
